

The Municipality of Spaniard's Bay

Snow Clearing Policy

All snow clearing will be carried out in accordance with Council Policy and under direction of the Director of Public Works. The operators of the Town's equipment, the Mayor, or any Councillor, do not have the authority to alter the route schedule or any part of the policy except in the case of an emergency. If you have a concern regarding snow clearing, please call the Town at 786-3568.

Access to Firefighters's driveways (Wing Roll removal only) will be cleared on the first pass of the plough along the driveway, after a major snowstorm where access is blocked.

Council will not accept responsibility for damages to any property, including fences, during snow clearing operations, unless it can be determined that it resulted from negligence of the town or its equipment operators.

Any vehicle obstructing snow clearing may be towed away at the expense of the owner.

No person shall shovel, plough, cause to be shovelled or ploughed any residue snow from a driveway or parking lot unto any road within the municipal boundaries of the Town of Spaniard's Bay which is controlled by the Town Council of Spaniard's Bay.

The plough will operate during snowstorms, but may be removed from operation if weather conditions are considered unsafe. If equipment is removed from the roads, every effort will be made to inform the public, through an announcement on the local radio station. In case of an EMERGENCY, call 786-3568 or any member of Council.

Council will plow Church Parking lots and The Senior Citizen's Home once after a storm and only when all other snow clearing routes have been cleared.

Tony Ryan
Town Clerk/Manager
